5G COMPATIBLE

WEBOOST PRODUCTS SUPPORT THE LATEST IN 5G TECHNOLOGY.

ALWAYS CONNECTED, HANDS-FREE.

Go sleek with your cell reception with our Drive Sleek, our single-user cell signal booster that comes with an adjustable cradle.

The **Drive Sleek** is our in-vehicle cell signal booster for single users. It's designed to boost coverage for any phone that fits within its cradle; which adjusts to fit devices between 5.1" and 7.5" in length (including cellular-connected tablets.)

Installed in minutes without tools, Drive Sleek stops dropped calls while also improving voice quality, data speeds, audio streaming, and the ability to run multiple apps at once. It comes with a magnetic vent clip and dash cradle mount to offer hands-free operation and features the high-performance Drive Magnetic Outside Antenna; weBoost's most powerful mobile magnetic antenna for its size.

Drive Sleek is compatible with all phones that fit within its adjustable cradle and works on all U.S. carrier networks—including Verizon, AT&T, and T-Mobile.

DRIVE SLEEK

Key Features

weBoost's standard in-vehicle cell signal cradle booster for single users, designed to enhance signal for any phone from 5.1" to 7.5" in length.

Includes vent clip and dash cradle mount for ease of installation and hands-free operation; providing added safety for commuter use.

Its 3.4" Drive Magnetic Outside Antenna offers high-performance, improved shark-fin design, and a durable all-weather construction.

Booster is equipped with a plug-in, USB-A port for rapid phone charging of the device in its cradle while in use.
