CAMP ANYWHERE. SIGNAL INCLUDED.

The weBoost RV35 pairs a powerful home-booster-grade amplifier with a permanently mounted omnidirectional roofline antenna, so the moment you park, signal is working. No aiming. No poles. No setup. A ceiling-mount mini panel inside antenna distributes the signal throughout your RV for every device and every carrier. DIY installation is easy, guided by the weBoost App, with no monthly fees.

UP TO 32X STRONGER CELL SIGNAL Improves total RV connectivity for multiple devices to enjoy better talk, text, and faster data speeds in remote locations.

REDUCES DROPPED CALLS BY 90% Enhances signal reach up to 3X the distance from the nearest tower.

IMPROVES DEVICE BATTERY LIFE Saves 20% more battery life because devices are not searching for a signal.

WORKS WITH EVERY CARRIER & ON ALL RV CLASSES
Boosts signal for all wirelessly connected devices on all U.S. mobile carrier networks and installs on all RV classes.
