**The Sleek 4G-A™** – Get peak cellular performance in your vehicle for all phones including AT&T LTE devices

Now there's a mobile signal booster for those using AT&T® LTE devices – the Sleek 4G-A from Wilson Electronics. This powerful signal booster helps you stay connected by providing a strong reliable signal in weak-signal areas, reducing lost connections and speeding data rates. It boosts both voice and data communication – making it perfect for phones, data devices and wireless WiFi hotspots.

The Sleek 4G-A works with all devices on all conventional 2G and 3G networks,\* as well as the AT&T 4G LTE network. Wilson signal boosters feature cell site protection technologies refined over more than a decade of research and development. Optional indoor accessory kit allows use at home or in the office.
